--If he goes by train at two cents a mile, and three members of the family go, (to the county seat) it costs him \$1.20, while if he goes by team it costs him nothing."—Mound City News. But why only three of the family; why not the whole eight of the family go, as it costs nothing, and especially in the bleak winds of January; the planting season of April, when every team on the farm is needed. What a time those people of New Point, Richville, Forbes, and Corning would have driving in January, and hiring teams, for every citizen doesn't own a team. The News doesn't say so, but perhaps he means for them to walk to the county seat, having no team and thus save their railroad fare. As at present, any citizen can come to the county seat in the morning, and return to his home in the evening in time for his evening meal; especially from Corning, Craig, Mound City, Maitland, Bigelow and Napier.

--Fourteen innings to a tie, 5 to 5, is the story of last Sunday's base ball game at Forest City between the Forest City and Washington Parks, of St. Joseph. Much of the credit for Forest City's showing must go to Sommers, who knocked out a home run in the sixth when two men held sacks.
